

Fillies Had It Rough Like Female Jockeys

Controversy may rage over whether there is a place in Thoroughbred racing for the female jockey but there is no question about the female Thoroughbred. Such, however, was not always the case. Many prominent breeders of thoroughbreds recall the not too distant past when they debated the wisdom of shipping fillies to the yearling sales. The cost of raising colts and fillies was equal but the prices they brought at auction were not.

The fillies were caught in an economic doldrum which found horsemen complaining of too few racing opportunities and racing secretaries complaining that there were not enough good fillies to card races.

It's a different story today. Dark Mirage, undisputed champion of the 3-year-old division last season, earned a tidy \$322,432. The fillies Gamely and Princessian were largely responsible for making William Haggin Perry one of the top money-winning owners of 1968, accounting for over \$500,000 of the stable's total of nearly \$1 million. The 2-year-old champion Process Shot won over \$170,000 in her first season.

Horsemen no longer complain of either the quantitative or qualitative racing opportunities for fillies, and at the Saratoga Sales they brought an average price of \$27,662, while the colts averaged \$22,134. In 1943, fillies brought an average of \$796 at Saratoga.

END OF THE LINE . . . Coming up with the rebound is Bill Kolodziejczak, the outstanding sophomore basketball player from West High School. The Warriors will entertain Mira Costa Friday night on their home court. The two schools are battling for second place in the Bay League. (Press-Herald Photo)

North Wins Bay League

Russ Bierley, making his debut as head basketball coach at North High, has guided the Saxons to their fourth straight varsity championship. The team cinched at least a tie for the Bay League title last night with a 73-68 victory over Mira Costa. The win was the 11th straight for North High with three games remaining on the schedule.

Mira Costa was within 1 point of the Saxons at 67-66 with 1:30 left to play before a six-point spurge put North out in front for keeps with 17 seconds to go.

Dan Anderson scored 21 points for North, but he fouled out of the game with 7:21 remaining.

North High led 38-33 at half-time, but after Anderson pumped in five straight field goals in the first three and a half minutes of the third quarter, North took a 13 point lead.

Subsequently, Anderson drew his fourth personal foul and while he was sitting on the bench, Mira Costa pulled to within 2 points at 54-52. Dan reentered the game to begin the fourth quarter, made his sixth consecutive field goal, but immediately drew his fifth personal foul.

Mira Costa never took the lead.

Jim Thomas scored 17 points and played an outstanding game for the Saxons.

Leading the scoring for Mira Costa was Scott Fisher with 21 points.

North High's 10th straight victory was a 78-68 conquest of Hawthorne last Friday. The Cougars, the first half Cinderella team of the Bay League, has lost five straight games since posting an early 4-1 record.

Saxons Dan Anderson and Jim Thomas scored 21 and 19 points against Hawthorne. North was ahead by 10 points throughout the second half.

South High became the team most likely to finish second Friday night with a convincing 86-71 triumph over Redondo. South used a press defense to slow down the Redondo offense. Only Robbie Fowler (24) and Rick Shaw (18) mounted a scoring thrust against South.

But Dennis Recto tallied 34 points, including seven field goals and 20 free throws. He missed only three.

Still in the running for third place is West High which beat Santa Monica, 72-69, in overtime Friday for a 5-5 record. That puts the Warriors within reach of Redondo (5-5) and Mira Costa (6-4). One game behind them is Hawthorne (4-6).

Bill Kolodziejczak scored 30 points against the Vikings. He had four straight free throws in overtime to give West the victory.

In the Sky League Morningside assured itself of a chunk of the championship again by blasting Torrance, 64-36. The Tartars scored only four points in the second quarter. Morningside (6-0) holds a two-game margin over Torrance and Palos Verdes.

In the Camino Real League Bishop Montgomery gave Serra a scare before falling, 68-67. Leon Beauchamp had 30 points for the winners and Rick Constantino scored 23 for the losers.

The Knights have a 2-8 record.

Metro Down To 3

The Metropolitan Conference basketball race has been reduced to a three-way battle among Cerritos, Pasadena, and Long Beach.

Cerritos and Pasadena are tied for the conference lead with 9-1 records, while Long Beach is a game off at 8-2. Pierce made a big move up the conference ladder by winning three games last week, but the wins left the Brahma record at 5-5. Since Pasadena and Cerritos must play each other during the four games remaining, it is mathematically impossible for both of them to lose four games — so Pierce is eliminated from a chance at the crown.

This week's schedule: Tuesday — Long Beach at Cerritos, Valley at Pasadena, El Camino at Santa Monica, Pierce at Bakersfield. Friday — Valley at Cerritos, Pasadena at Pierce, Long Beach at El Camino, Bakersfield at Santa Monica.

Last week's results: Tuesday — Long Beach over Valley, 84-75; Pierce over El Camino, 64-62; PCC over Bakersfield, 65-52; Cerritos over Santa Monica, 98-84. Friday — Valley over El Camino, 107-75; PCC over Long Beach, 65-55; Pierce over SMCC, 88-73; Cerritos over Bakersfield, 53-28. Saturday — Pierce over Valley, 74-70; Long Beach over Bakersfield, 74-56; the week were Pasadena snapping Long Beach's 44-game home court win streak, Cerritos holding Bakersfield to just eight points in the second half of their game, and Valley's Al Shumate replacing teammate Morris Thomas as the conference's leading scorer. Shumate has 264 (26.4 average) to 248 for Thomas. In the Cerritos-Bakersfield game, played at Bakersfield, Cerritos committed only two fouls, one in each half!

Records Stay at Compton

Compton's Tarabes tied a 16-year CIF record Friday. Coach Bill Armstrong's crew has gone undefeated for 33 games to tie a record set by the 1950-53 Compton teams coached by CIF Commissioner of Athletics Ken Fagans.

Commenting on the record, Fagans said, "The record stood for 16 years, and it's certainly a pleasure to see an outstanding team like Compton tie it. 'I'll be on hand to watch them attempt to break it, and I hope to be able to congratulate a fine coach and his outstanding team on a new record when the afternoon is over."

"It certainly is coincidental that the record, held by Compton teams, is about to be broken by another Compton squad. However, the school has always had outstanding basketball teams and will continue to field fine teams as long as they have the coach and material they seem to get each year."

Figure 8's To Compete At Ascot

Eddie Sauer of Torrance and Ron Schuessler of Redondo Beach head a field of 75 drivers in Sunday afternoon's Figure 8 modified and stock car racing doubleheader program at Ascot Park in Gardena. Racing starts at 2 p.m.

Sauer, three-time criss-cross champion at the raceway, will be after his first win of the 1969 season. Sunday's is the first point race of the new year.

Schuessler captured last year's stock car championship at Ascot and will return to action Sunday with his '56 Chevrolet.

Football for Easter Week

More than 80 high school athletes will spend their Easter vacation learning to be quarterbacks at the Southern California Quarterback Camp at Ojai.

These potential stars will come by car and train and bus and plane from all the western states. Their destination: Villanova School.

Villanova is the site of the unique quarterback camp run by Jack Curtice, head football coach at the University of California at Santa Barbara.

For five action-filled days the boys will eat and sleep football. From sunup until lights-out they'll pass, fake, run, take notes and see films. They'll call plays, run pass patterns, analyze defenses and do a variety of things to help them become confident and competent field generals.

Curtice, NCAA "College Coach of the Year" and formerly coach at Stanford, Utah and at the Shrine East-West game, heads a staff of experts in kicking, running and passing. Their goal is to train QBs to lead their teams, to run and pass and to protect themselves from injuries.

"Since a sideline QB is no good to his team or coach, we stress how to avoid getting injured," said the ebullient Curtice, who is called "Mr. Forward Pass," by Coach & Athlete Magazine.

Among the outstanding quarterbacks who were trained by Curtice are All-Americans Lee Grosseup of Utah and Chris Burford of Stanford. Both are loud in praise of their former coach: "Jack has the ability to teach and inspire a quarterback . . . and is a master of QB strategy."

The nation's leading coaches are among Curtice's most ardent boosters: Duffy Daugherty of Michigan calls him "one of the finest coaches in America." Tommy Prothro of UCLA refers to him as "the master of the aerial offense." Coach John McKay of USC says of Curtice, "his contributions to the game can't be overstated."

At camp, a half dozen high school coaches are usually on the sidelines watching the action and taking notes. Curtice welcomes them and usually manages to give each a rundown on how best to bring his QB along.

The five-day session of the camp costs \$125. Some schools underwrite the tuition with booster funds, others with student fees. But most of the boys are at camp because their parents believe that instruction that may keep their sons from being injured is worth every bit of the cost.

Parents or coaches wishing further information about the program can write to Southern California Quarterback Camp, 400 Via Dichosa, Santa Barbara, California.

\$100,000 Given to Law Center

A \$100,000 gift from industrialist Lawrence A. Harvey to the University of Southern California will provide an expanded student lounge for USC's Law Center, now under construction, Dr. Norman Topping, USC president, announced today.

Harvey's gift will make possible the expansion of the law student lounge to more than three times its originally planned size, Dr. Topping said.

Harvey, president of Harvey Aluminum, Inc., is an alumnus of USC's School of Business Administration and the university's Law Center, having earned the bachelor's degree in business administration and the Juris Doctor degree in 1931 and 1933, respectively.

USC's \$3.3-million structure, which has been funded largely by private gifts from alumni and friends of the university, is expected to be completed in mid-1970. The edifice will replace a 40-year-old building which now houses the Law Center.

They will oppose a team representing the cream of football talent in the Catholic high schools throughout Southern California.
